The School Student Council - Leading From The Front

Words won't be enough to describe how amazing and memorable my journey has been over the past 15 years as a dipsite. DPS Indore has inculcated in me values and ethics that will be a part of me for the rest of my life.

Apart from Academics the school has given me opportunities to explore my interest in various fields be it Basketball, Poetry, Drama and Arts.

I can confidently say that the kind of education I have received here is unparalleled.

A word to my fellow Dipsites:

You are in the best school. Cherish these moments, live them to the fullest.

The Unequalled Concerns

The Counselling Cell under a qualified and experienced Counselor aims at strengthening the child's coping abilities to counter environmental stress, complex situations and the adolescence. The students can also walk up to the counsellor for a heart to heart talk and this has proved a very helpful for the students.

Personalized Counselling: The Counsellor, available on all school days helps students from all classes when referred to by teachers or parents.

Group Counselling

Equipping children with life skills is one of the most essential tasks at DPS. Programmes, Seminars, and Group Discussions are held on sensitive issues like HIV AIDS, Drug Abuse, Bullying, Gender Equality to create a strong awareness in the pupils.

Career Counselling

The impact of globalization has thrown up many options for living. At DPS, we feel such challenges can be faced well only when the discovery of one's resources is effectively facilitated. The Counselling Cell conducts career counselling sessions with the help of experts from respective fields, for the benefit of the students. This is a very specialized activity, particularly relevant for the adolescent students to help them acquire a quality of finesse and a "Polish". These classes are aimed at grooming young girls and boys for manners and etiquette, with a stress on value based development. We prepare global citizens.
